## Eurol Swift Clean INOX Spray

Stainless steel cleaner and protector

### Description:

Eurol Swift Clean INOX has especially been designed for the cleaning and protection of shiny and matt stainless steel surfaces. It is a product with "triple action". Not only does it clean and protect but it also prevents greasy pollutants like e.g. finger prints to adhere to the stainless steel surface giving the product anti-bacterial properties. Eurol Swift Clean INOX is perfect for the cleaning and protection of stainless steel kitchens, elevators, street furniture and virtually all other stainless steel machines, parts or surfaces. The product contains no abrasives or micro plastics like PTFE or silicones. Eurol Swift Clean INOX has an InS H1 approval which makes it suitable for incidental food contact and so very useful for the food industry.

### Instructions for use:

- Shake aerosol before use
- Clean heavily polluted surfaces first with an appropriate cleaner before treatment
- Spray on a clean cloth or appropriate paper towel and rub the stainless steel surface
- When necessary use a clean cloth to rub a second time

### Eurol Swift Clean INOX Spray has the following characteristics:

- InS H1, 1797557
- Suitable for incidental food contact
- No hazardous ingredients
- No abrasives or micro plastics like PTFE so no scratches
- Cleans and protects stainless steel surfaces
- Anti adherence action of food residues, finger prints and other greasy pollutants
- Suitable as multifunctional lubricant
- Protects against corrosion
- Anti bacterial action
- UV resistant
- No water necessary

### Physical properties:

Colour	Yellow		
Density at 20°C	0.937	kg/l	ASTM D 1298
Viscosity, kinematic at 40°C	32	cSt	ASTM D 445
Viscosity, kinematic at 100°C	6.5	cSt	ASTM D 445
Viscosity Index	162		ASTM D 2270
